CANADIAN CANOE MUSEUM WORK IN PROGRESS UPDATE

In this month's edition of Touching Base, we are featuring an update on the progress of The Canadian Canoe Museum in Peterborough, Ontario which includes IPDA member companies Lett Architects Inc. LEA Group, and Chandos Construction.

The Canadian Canoe Museum was honoured as the recipient of a significant investment of \$750,000 to help create a new cultural and tourism destination on the Peterborough waterfront. This funding will contribute to developing a brand-new suite of professionally designed exhibits featured in our new museum's 20,000-square-foot Exhibition Hall. These exhibits will attract visitors from near and far to explore the canoe's significance to Canada through diverse themes, perspectives, and voices.

WHAT'S IN THIS MONTH'S ISSUE:

- Canadian Canoe Museum Work In Progress Update
- IPDA Case Studies Featured on LEAN IPD Blog
- Communauté Francophone des Praticiens de la RPI
- Welcome New Members
- Call for Presentations
- Call for IPDA Board Nominations
- Upcoming Events
- Member Driven Content

Left to right: Steve ten Doeschate (General Manager, Kawartha Ethanol Inc), the Honourable Helena Jaczek (Minister responsible for the Federal Economic Development Agency for Southern Ontario), Victoria Grant (Chair, The Canadian Canoe Museum), and Carolyn Hyslop (Executive Director, The Canadian Canoe Museum).

CANADIAN CANOE MUSEUM WORK IN PROGRESS UPDATE.....continued from pg 1

In July 2022 the museum welcomed the Honourable Helena Jaczek, Minister responsible for the Federal Economic Development Agency for Southern Ontario, to the Museum where she announced over \$12.2 million for 33 tourism, community infrastructure, and economic development projects in Peterborough, Northumberland, and Kawartha Lakes.

The funding will help ensure that the Exhibition Hall meets Class “A” museum conservation standards, which allows The Canadian Canoe Museum to collaborate with other national and international museums and to develop unique new visitor experiences.

Visitors will also see and hear Indigenous languages and voices from the moment they enter the Museum, thanks to funding from TD Bank Group’s Ready Commitment. The local Michi Saagig dialect of Anishnaabemowin will be used throughout the building and within exhibits alongside English and French, with additional Indigenous languages featured in relation to specific watercraft.

These exhibits will attract visitors from near and far to explore the canoe’s significance to Canada through engaging exhibits, immersive storytelling, and hands-on learning.

Other team members include Engage Engineering, Lancer Electric, Kelson, D. G. Biddle & Associates, Basterfield & Associates Inc., and JHC Consulting Network Inc.

IPDA CASE STUDIES FEATURED ON LEAN IPD BLOG

Investigating Factors Leading to IPD Project Success in Canada is a new research report including three IPD case studies. The research presented in this report aimed to document three cases of IPD implementation in Canada to understand how and why IPD was implemented, if it was successful, and the reasons that led to this success or lack thereof. The case studies presented in this project are among the first documented cases of IPD implementation in the Canadian context.

The blog post, authored by Prof. Erik Poirier, Ph.D., from the Ecole de Technologie Supérieure, Montreal, and titled [IPD makes dreams come true for two Canadian Schools](#) provides a synopsis of the comprehensive 143-page report produced by the IPDA. To read Erik's blog entry please follow the link [HERE](#).

The report in its entirety can be found on the IPDA website under the Research & Performance section [HERE](#) as a free download.

INVESTIGATING FACTORS LEADING TO IPD PROJECT SUCCESS IN CANADA

Final Report
May 2022

The research team consisted of Erik A. Poirier, PhD, Professor and Ahmad Arar, M.Sc., PhD Candidate from École de Technologie Supérieure, Sheryl Staub-French, PhD, Professor, Puyan Zadeh, PhD, Adjunct Professor, and Devarsh Bhonde, MTech, PhD Candidate from the University of British Columbia, and Craig Webber of Group2, Ken Jaeger of KTJ Consulting, Markku Allison and Maria Williams of Chandos Construction, Patrick Taylor of WSP, John Ford of LEA Consulting, Dean Loewen of Altac Mechanical, and Paul Sprokay of Turner Construction Company on the IPDA Advisory Committee.

This past June a webinar was held that presented the research completed and the key takeaways of the case studies. Presenters included Erik A. Poirier, PhD, Professor and Ahmad Arar, M.Sc., PhD Candidate from École de Technologie Supérieure, Sheryl Staub-French, PhD, Professor, Puyan Zadeh, PhD, Adjunct Professor, and Devarsh Bhonde, MTech, PhD Candidate from UBC, and was moderated by Markku Allison the IPDA Research & Performance Chair. An in-depth, live question and answer period was held following the presentation. The recording of the webinar is available in the Members Resources section of the IPDA website [HERE](#).

The webinar content is exclusive, value-added content for IPDA member companies. Please contact info@ipda.ca for instructions if you have any issues accessing the video recording.

NEW IPDA MEMBERS

Welcome to the following new members. The IPDA welcomes companies from every stakeholder sector across the design and construction industry: owner, contractor, architect, trade contractor, consultant, supplier, insurer, etc. It is through acting together that we can best create solid foundations for collective success.

- City of Kelowna
- Certain Teed Canada
- AME Group
- AECOM

CALL FOR PRESENTATIONS

The Integrated Project Delivery Alliance Fall 2022 IPD and Collaborative Construction conference is fast approaching. The IPDA seeks to further advance the knowledge and competency of its member base and others interested in Integrated Project Delivery.

To support this goal, the IPDA is seeking proposals from individuals or firms interested in presenting on one or more of the following topics of interest:

- IPD Cost Structure and Calculation of Overhead Costs
- BIM, BIM tools, and Recommended Best Practices
- IPD and Sustainable Building Projects in Canada
- Virtual Big Rooms – A Show and Tell, including lessons learned
- Target Value Design

Be watching our social media and email for submission updates as they become available. Alternate subject proposals that may be of interest to the IPD community are welcome and may be considered for this or other upcoming events.

CALL FOR NOMINATIONS - IPDA BOARD OF DIRECTORS

We have started preparing for our Fall Annual Action Agenda Strategy Session and AGM. There are several Board Positions coming up this year and so we are sending out our Call for Nominations. If you are interested in running for the IPDA Board please submit a bio including what you would bring to the IPDA Board, along with a headshot, to info@ipda.ca.

Similar to previous years, we will circulate a slate of candidates in advance so that your organization has time to discuss amongst yourselves who you will be casting your collective vote for.

Mark your calendars for Tuesday, October 4th, 9 – 12 MT - to join us for the Annual Action Agenda Planning Meeting and AGM. Information about attending this year's virtual session will be made available in the coming weeks.

Should you have further questions about the IPDA Board and commitments associated please feel free to reach out to Lynnell Crone, President, IPDA at president@ipda.ca.

****Please note candidates must be part of an IPDA member organization.****
