

TOUCHING BASE

MONTHLY NEWSLETTER

January 2023

HAPPY NEW YEAR

from the IPDA

LOOKING FORWARD TO COLLABORATING IN 2023

WELCOME TO A NEW YEAR OF THE TOUCHING BASE IPDA NEWSLETTER

2023 has begun, and we are looking for passionate thought leaders to contribute to changing our industry by sharing their Integrated Project Delivery Projects, insights, philosophies, etc...anything and everything IPD.

The value of the IPDA newsletter: Touching Base lies in its content. If you would like to contribute or have any ideas, comments, or inquiries please email us at comms@ipda.ca as we are always open to suggestions for continuous improvement.

To subscribe to Touching Base and all IPDA updates please scan the QR code and fill out the form.

What's In This Month's Issue:

CONGRATULATIONS TO DANIEL DROUIN THE NEW IPDA PRESIDENT ELECT

Daniel is the current Communications & Connection Chair and will serve as the next IPDA President in 2024. He will shadow Lynnell in her current role to better serve the IPDA membership. Daniel is the Director of Collaborative Delivery at Group2 Architecture.

SPECIAL THANKS TO OUTGOING BOARD MEMBERS

CRAIG WEBBER
Past President
Group2 Architecture

JEN HANCOCK
Knowledge & Competency Co-
Chair
Chandos Construction

KELLY FAWCETT
Governance Chair
P1 Consulting Inc.

Special thanks to Craig, Jen, and Kelly for all their years of dedicated service to the Integrated Project Delivery Alliance Board. We trust you will all continue to support the organization as volunteers on PIT teams. Your knowledge and guidance has been invaluable.

IPD PROJECT FEATURE

Lloydminster Wastewater Treatment Facility

IPDA President Lynnell Crone contributed to a blog feature by Building Good Canada. The title of the piece is Collaborating for a Greener Future. It examines how IPD helps to support the delivery of costly and complex projects as municipalities across North America continue to look at ways to reduce our impact on the environment.

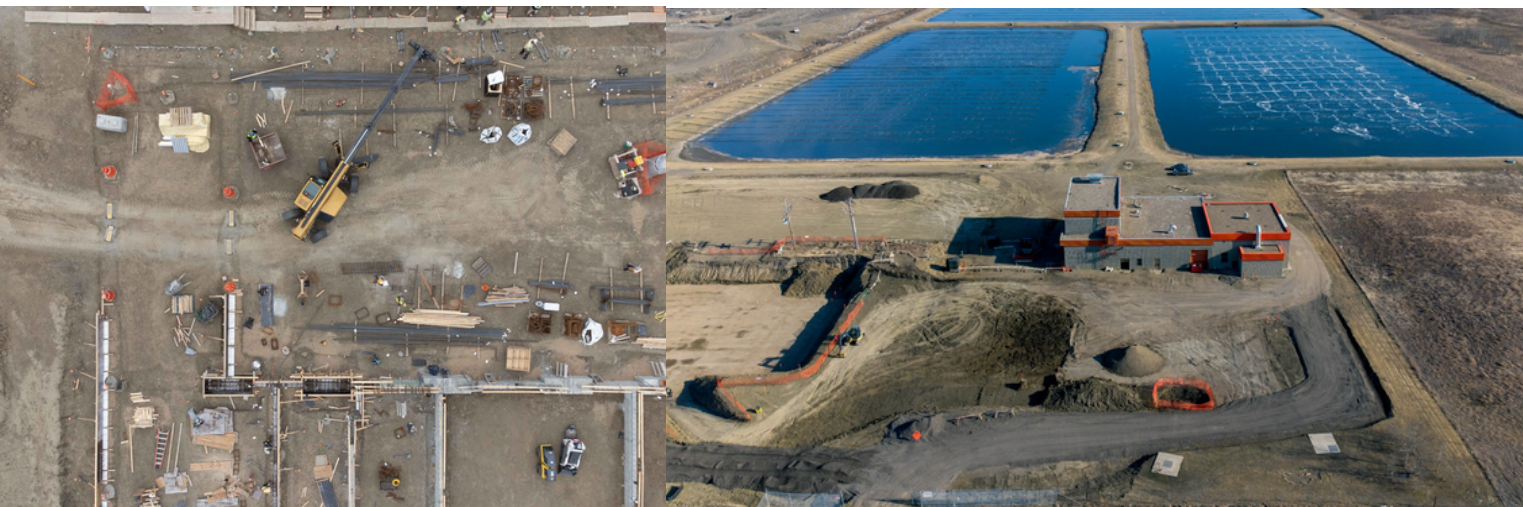

One such way is adding organic waste processing/biogas facilities and an alternate/additional energy source.

This month's #workingprogresswednesday feature is the Lloydminster Wastewater Treatment Facility in Saskatchewan. The project involves an upgrade and expansion of the existing facility and is composed of three main components: headworks, aerated lagoon cells, and an effluent pumphouse.

IPDA members include Bird Construction, Chandos Construction, and ISL Engineering.

IPDA FRENCH COMMUNITY

A select team at the IPDA has been working hard to create a French translation of the IPD Action Guide for Leaders.

We can't wait to share this with both bi-lingual and Francophone audiences and practitioners.

We are very close to being able to roll this out under the Knowledge and Competency portion of the website.

STAY TUNED!

IPDA PRACTITIONER'S FORUM BRING A BUDDY CAMPAIGN

Would you like a chance to introduce IPD to colleagues whose companies are not members of the IPDA?

We would like to encourage IPDA Members who attend the Member Practitioner Forum to “Bring a Buddy”.

If you know someone from a non-member organization who would like to gain a better understanding of what IPDA membership has to offer, bring them along to one of the Member Forums. Just send their name and email to info@ipda.ca, we will get them registered to attend.

UPCOMING EVENTS:

STAY TUNED TO IPDA SOCIAL MEDIA FOR UPDATES
ON FUTURE EVENTS

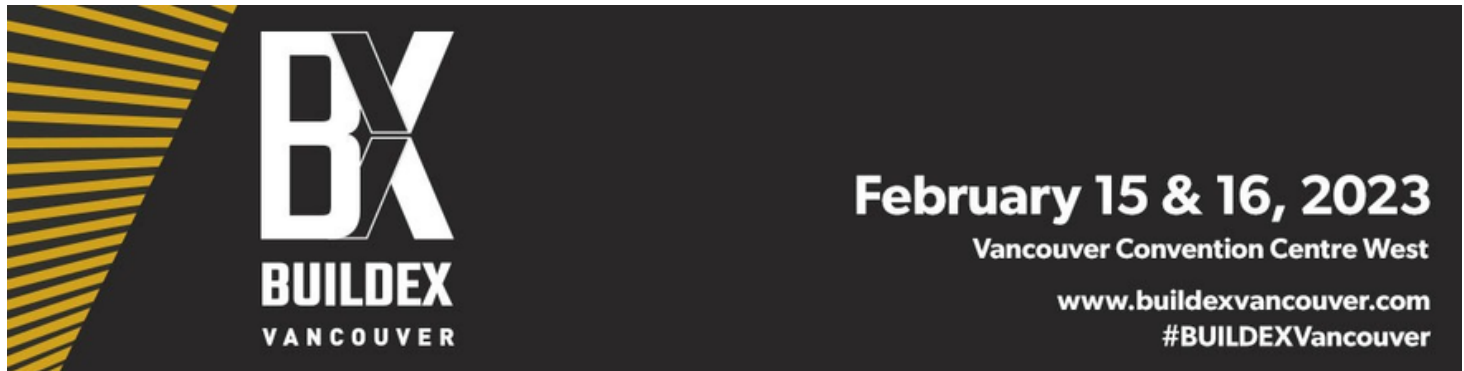

FOLLOW US ON FACEBOOK [HERE](#) AND LINKEDIN [HERE](#).
